April 27 – May 1
June 15 - 19
August 3 - 7
September 28 – October 2
November 16 - 20

The Gila River Indian Community Department of Public Works will continue to provide pickup of uncontained trash, items too bulky to be put onto the regular trash container. Your items must be on the curb Sunday evening of your collection week. Place your bulk items at least 5 feet away from your regular trash container, as long as it does not cover any utility meters in the area. If your alley is accessible, place the items there. They will be picked up on the dates listed for your area.

We encourage you to continue to call in to request bulk trash pickup at least one week prior to your designated cycle. You will be placed on the priority list for pickup during that time. If your bulk trash is not picked up during your cycle, please call our office to be placed on the priority list for the next cycle. We will be concentrating on the populated areas and subdivisions. If you live outside these areas in the scattered housing, please call our office to schedule pickup prior to your designated pickup cycle.

We will not pickup household hazardous materials such as motor oil, paint and batteries. For disposal of these items, please call Department of Environmental Quality, (520) 562-2234.

Remember, too, that Gila River Indian Community residents may haul their own garbage and bulky items to the transfer station at no charge. Proof of residency is required at the transfer station, located at Casa Grande Road and South Canal (old landfill). The hours of operation are Monday through Saturday, 7:30 a.m. to 3:00 p.m., closed on Sunday. You must show a photo ID and a current Gila River Indian Community utility bill. Another available option is to rent a large container for your own use. Details and pricing are available by calling our Department.

If you have questions on what is allowable for the uncontained program or your scheduled date for pickup, contact the Department of Public Works at (520) 562-3343.
